Mission 1 .Origins: In search of God

Challenge 1. Photography studio

To get this challenge you must study this picture and follow the clues to answer the three questions.

It is a natural cavity in the rock that remains one of the most important pictorial and artistic cycles of prehistory.

13,000 years ago a landslide closed the cave and its walls preserved the wisdom of the people inhabiting it, the oldest legacy of our species.

It is, since 1985, heritage of the humanity

Is located in the Spanish town of Santillana del Mar.

Questions:

1.- What place is it?

2.- What is photography?

3.- With wich intention carried out these paintings?
