## Mission 2. God responds

### Challenge 1. The gift of the Creation (3 points)

The Bible reveals that God is A Father, Creator, Compassionately and Providently. The creation is a work of the Holiest Trinidad (God Father, Son and Holy Spirit). God for his great love and mercy gives his creation to the humanity. And by means of his Decision, it supports and leads her towards his perfection at the end of the times.

#### **We know San Francisco, boss of the ecologists**

San Francisco was born in 1181 in Asis (Italy). Being a young woman, the day was happening amusing itself until it went to the war and was caught. It saw to die to his companions and suffered hunger and misery.

On having returned to Asis it began a new life. It was admiring the beauty of the nature, was helping the patients and was working repairing churches in ruins. His father thought that something was happening to him and prohibited him to give money to the poor and even it chained it.

His mother took the chains from him and made it free. San Francisco announced his decision to live poorly as Jesus and to love to all the works of the God's creation. It founded the Religious Order of the Franciscans and helped by Santa Clara of Asis, the Order of the Poor Ladies (Nuns of the order of St Clare).

1. What did happen to San Francisco in order that it will change his way of being?
2. What did it do for the nature and for the neediest?
3. What request is us realized by the Pope Francisco in the video?
